

CHIEF MARKETING OFFICER

SAMPLE - MANAGEMENT BY OBJECTIVE BONUS CALCULATION

PERFORMANCE EVALUATION CRITERIA:

The CMO’s success in achieving the performance objectives will be measured by the following results:

- Projected sales of \$100 mil. are achieved.
- Quality of sales are high, including high gross margin (GOAL IS 35%), limited discounting, repeat business, etc.
- Improve sales performance in all channels. The CMO inspires win-win relationships and maximizes the effectiveness of sales reps, distributors and dealers. New relationships are established with flexible, capable, productive individuals and organizations.
- Sales organizational structure is being built to successfully accommodate future growth, including a game plan for how to fill future positions.
- Hiring program is successful, with high quality individuals being brought on board who have high initial productivity and solid potential for future personal growth in the company.
- Product opportunities are being identified and pursued with R & D and engineering; at least 3 new applications are successfully introduced into the market.
- [Company] is positioned well in the market and marketing communications efforts are on track and effective.
